Microsoft Teams Connector

**INCREASE
PRODUCTIVITY**

**SIMPLE
DEPLOYMENT**

ADAPTABLE

Get the Teams calling experience without extra hardware or software. Use your current phone system, numbers, and facilities. Cloud service can be added to select users or groups as needed.

Enable your business with the full Microsoft Teams phone and calling experience without having to move away from your existing phone system. Our Microsoft Teams solution is cloud based and connects to your existing on-premise or cloud phone system to users in Microsoft Teams, just like a regular extension.

There's no hardware or software to install and it can be set up in minutes. Bring all users under one collaboration platform by using Microsoft Teams for collaboration, messaging, and voice across all devices.

FEATURES

True Teams Experience

- Add calling to Teams to increase productivity
- Work on desktop and mobile to free up your workspace
- The native Teams calling experience is familiar to users

Simple Deployment

- Keep your current phone system with all the features you rely on
- No hardware or software to install centrally or on user's PCs
- Implement the solution to users and groups that need it
- Can be deployed in hours across the globe

Simplified IT in the Cloud Delivers Flexibility

- Streamline the number of tools your users need to use, reducing cost, administration and training.
- Increase working flexibility and efficiency - 72% of workers will be working remotely by 2021
- Lower support costs and heighten productivity.

Bring Microsoft Teams to Life

- Voice enabled collaboration is driving in excess of a 50% increase in collaborative work
- 80% of employee time is spent collaborating and 62% connect to meetings using mobile phones
- Business goals are more quickly achieved when people enjoy working together

Preserve the Current Voice Investment

- Current voice platforms deliver wide-ranging business services to many types of users
- Leveraging the current investment to power Office 365 saves on disruptive, costly new infrastructure and services
- Making Microsoft Teams integrate with current business processes can multiply the benefits of collaboration and integration
